PROFESSIONAL SUMMARY

Experienced Senior Estimator and Project Manager with expertise in estimating, budgeting, and overseeing construction projects ranging from high-end residential to large-scale commercial developments. Proven ability to manage complex projects, enhance client relationships, and deliver projects on time and within budget. Strong background in real estate development, cost estimation, and strategic business consulting. Skilled at interpreting architectural and structural plans, managing cross-functional teams, and ensuring compliance with safety and regulatory standards.

CORE COMPETENCIES

- **Estimating:** have bid on 200+ projects ranging from \$1M to \$50M, including in-house and subcontracted work, covering non-union, union, and prevailing wage jobs in high-end residential, commercial, and reconstruction sectors.
- **Project Management:** proficient in OSHA standards, permitting, insurance, bonding, budget management, scheduling, RFIs, submittals, client communication, and vendor relations; experienced with CMS/CRMs.
- **Construction Proficiency:** Hands-on experience in ground-up construction, reconstruction, and repairs, including demolition, waterproofing, glazing, framing, foundations, steel, crane work, shoring, drilling, drainage, and excavation.
- **Real Estate Acquisition/Disposition:** expertise in financial analysis, market research and property valuations, negotiation, deal structuring, laws and regulations, risk management, financing, and portfolio management.
- **Sales and Business Development:** Led cold outreach, product education, negotiation, and management of multi-year contracts valued over \$100K; skilled in customer acquisition, growth modeling, ROI metrics, and marketing.
- **Management, Safety and Growth:** directed 30+ employees while upholding OSHA and USEPA standards, monitored and maintained team safety, maintained 10,000+ accounts, orchestrated local and out-of-state projects, managed inventory and budget while meeting production goals, ensuring procedural efficiency, scheduling, routing, conducting hirings/ dismissals, business to business relations, training and operation of technical equipment.
